Economical Strapping Solution.

+ Quality & low-cost
+ PAC warranty
+ Controlled tension
+ Extensive parts inventory
+ Core Size 8x8
  (9x8 available)

The PSM1412 is designed for general-purpose semi-automatic strapping. This economically priced strapping machine provides a low-cost solution, while maintaining excellent quality, consistency, and reliability. The strap is sealed with a friction weld, thereby eliminating the need for tools and seals. Additionally, it has an integrated circuit control board.
